

Facilities Disposition & Site Remediation Committee

Marolyn Parson, Chair
Gerald Wadley, Vice Chair

This Committee reviews the remediation of contaminated areas at SRS, including various types of groundwater and surface water contamination. The Committee also studies issues related to the Federal Facility Agreement (FFA), risk management/risk assessment, the regulatory process and other cross-cutting issues that pertain to environmental restoration. In addition, the Committee follows deactivation and decommissioning (D&D) actions taken to reduce risk and costs following a shutdown of an industrial, radioactive, or nuclear facility. Topics under consideration for the Facilities Disposition and Site Remediation (FD&SR) Committee in 2011 include:
